

Jasleen Kaur Grewal

QA Automation Engineer

Professional Experience

As a Experienced QA professional with over 5 years of experience, I specialize in delivering high-quality software solutions through meticulous testing practices and innovative automation techniques. Proficient in optimizing workflows and integrating cutting-edge technologies, I ensure superior quality assurance standards are met at every stage of the development process.

Projects

Pax Technology. QA analyst

As a pivotal member of PAX Technologies' QA team, I've ensured the quality and reliability of our cutting-edge Android solutions, which lead the payment terminal technology sector. PAX Technologies is globally recognized for pioneering payment terminal solutions that surpass traditional capabilities and meet stringent security standards

President's Choice Financial. QA automation Engineer

Led QA efforts for an online banking application facilitating seamless customer onboarding and streamlined banking operations, enhancing the digital experience for President's Choice Financial clients

Walmart Inc. QA analyst

Contributed as a QA analyst to the development of Walmart's e-commerce application, meticulously testing functionalities to ensure a seamless shopping experience for customers across groceries and a diverse range of goods
